(440) 953-0580 (fax)

CONTRACT SPECIFICATIONS

General; This project can have sanitary sewer bypassing by installing a mechanical sewer plug in the first manhole on W 30th Street and Griswold. This will permit the sewerage to flow north, by gravity, to Lake Avenue. There will be no bypass pumping equipment permitted to cross on top of the NS Railroad Tracks. This can be accomplished by installing the discharge pipe into the parallel storm sewer and discharging into the next downstream sanitary sewer.

Please acknowledge receipt by signing below and *faxing back this cover sheet only ASAP* to (440)953-0580.
